## The Process

The following are the various aspects that Mdokha Designs covers to get your website up and running.

### Conceptualization / preliminary investigation

Mdokha Designs team works together with you, by looking at your current Logos, Business Cards and Letter Heads. That enables us to brand you or your business.

### Domain Registration

This is where we check the availability of your desired Domain Name (Web Address) and register it for you.

After successfully registering your domain, we will now create your own personalized email addresses. Eg [YourName@DomainName.co.za](mailto:YourName@DomainName.co.za)

Domain Type	Amount
.co.za	R120 yearly
.com	R150yearly
The above are the most popular used domains. Other domains are available as well	

### Hosting

We offer hosting services which means we will upload and take care of your website and do regular updates on your pages on your request

Period	Amount	Discount
Monthly	R110	
Quarterly	R300	R30
Half Yearly	R580	R80
Yearly	R1110	R210

## Website Design and Development

- We will create a website with a look and feel as well as the functionality based on the discussions on the conceptualization phase/ information gathered on preliminary investigation stage.
- You will discuss with us the aspects that you like and what you don't like. We will therefore make the necessary changes to suit your requirements and needs.
- This design and development phase will be repeated three times until you are satisfied with the final product.
- After you approve, your site will then go live to your domain. We will monitor your site health for 30 Days for free

## Website Design Payment Plan

A minimum deposit of 50% of an amount of the website is required to commence the work. After the acceptance the remaining balance is required for the site to go live.

NB: This may not apply based on the agreement with client.

# Special Package

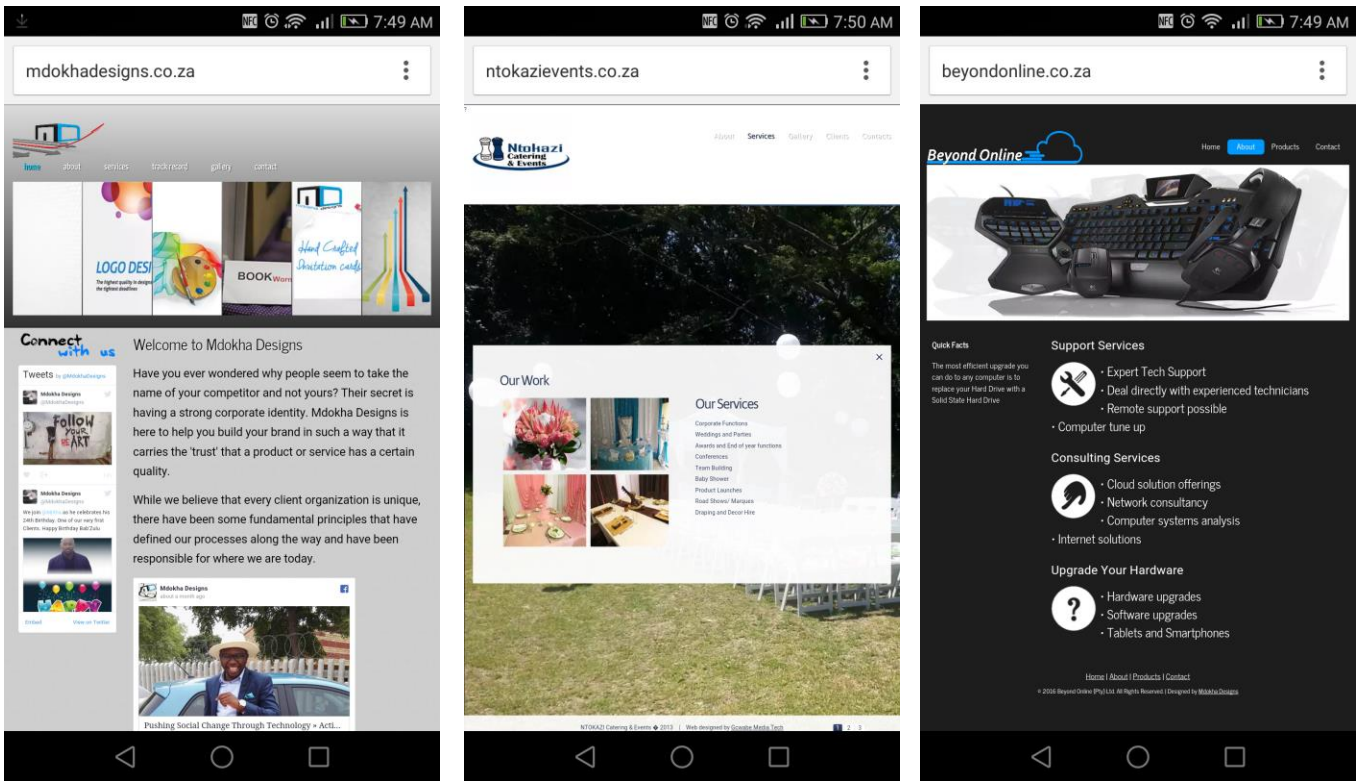

This is a website that will be based on your budget needs.

A minimum time of 4-6 weeks will be taken to complete the work.

Our sites are accessible on Mobile Devices, but if you want a mobile site (meaning a website specifically designed to run on Mobile Devices R4 300 more will be required).

You can host your site with us or any other company provided they will give us login credentials when required i.e for uploading or maintenance purposes.

## Track Record

This spot is for your website, we are ready to put you on the worldwide web.

We are looking forward to being of assistance to you and your business. Allow us on helping you maintain the competition of today's global market place. We will make you concentrate and focus on your products and/or services while we take care of your electronic needs.

We are aiming on assisting you to experience latest technologies available on the business world, in that way your business will succeed.

Kind Regards
